## Description

Antique house to renovate in Moscari, with 198 m<sup>2</sup> of constructed area and the possibility of adding a first floor with half height, on a plot of 738 m<sup>2</sup> with about 500 m<sup>2</sup> of garden and parking in a fenced patio. It is located in an elevated position with spectacular views of the Pla de Mallorca. The plot has many possibilities, a swimming pool could be added behind the house, and the front garden could be fenced to give the property more privacy. It is not possible to add the swimming pool in the front garden. The house in traditional Mallorcan stone construction is located in one of the most beautiful and quiet mountain villages of the island: Moscari. Located in the North of the island, Moscari is well-connected thanks to the island's motorway, which links the North of Mallorca with the capital Palma in the South. What do you want from your new home? Whatever you ask of it, there are two things you won't be able to change: where it's located and what kind of view it has. You can adjust everything else to your liking, but you can't change the view or the surroundings. Fortunately, this property meets both of those requirements: It has a view that no one can take away from you in the future, and it's in a gorgeous location. The rest? Just as you wish.
