Description

298 m² Building plot for sale in Sa Pobla, on which up to 624 m² and a swimming pool can be built. The basement and ground floor can be constructed with up to 100% and 2 upper floors can be built with up to 60%. It is possible to build a single-family home or up to 6 residential units with a minimum area of 80 m² each. The quiet plot is completely fenced and offers plenty of privacy. It is located on a paved road with electricity, water and sewage connections at the entrance of the plot, which can easily be connected to the future house. This plot in Sa Pobla is ideal for investors or those who want to build their own large home with a spacious garden. If you are looking for the ideal mix of affordable housing with plenty of space, proximity to the beach and excellent facilities, Sa Pobla is just the place for you. With a train station, so you can comfortably reach Palma and Inca in only a few minutes, health centre, numerous shops, services, schools and sports facilities you can really find everything for daily life in Sa Pobla. Furthermore, the village is known for its fertile land and its excellent restaurants, which prepare the authentic Mediterranean flavour of the island like few others. A house for the whole family or individual apartments - this urban plot in Sa Pobla can be transformed into what you are looking for. Design the project entirely to your own taste, with the room layout you need and the kitchen, tiles and pool to complete your dream. Accompany the fascinating process, as your home is built piece by piece on the red earth to become the starting point for your daily adventures. Your friends and guests will be amazed when you invite them to the first barbecue in your new home.
