Description

This magnificent plot is located in the quiet and charming Colònia de Sant Pere, a privileged location on the northeast coast of Mallorca. Surrounded by an incomparable natural environment, the location offers a perfect combination of serenity and proximity to essential services. Ideal for those looking for an exclusive space to build a property that combines comfort, design and a Mediterranean lifestyle. The plot has a basic project for the construction of a multi-family building that will house two homes with a modern and functional design. Both properties share the same layout: on the ground floor, we find an open-plan living room with dining room and integrated kitchen, which connects to a large terrace and a communal pool. This floor also includes a guest toilet and a practical laundry room. On the first floor, each home offers three bedrooms and two bathrooms, designed to maximize comfort and privacy. Finally, the upper floor has a private terrace, perfect for enjoying the landscape. Each home also has its own parking space, thus completing an ideal project both for living and for investment. For more information, do not hesitate to contact us.
