Description

Unique opportunity to renovate your home in a privileged natural setting~~We present this charming house to renovate, which includes a main building and two additional annexes, as well as a cistern. The main building can be transformed into a unique home, with a living room, kitchen, and bathroom on the ground floor, and on the upper floor, a spacious en-suite bedroom with panoramic views of the entire Tramuntana mountain range. This space includes a private bathroom and a lookout, making it the perfect place to relax and enjoy the stunning views! The best part is that there are no buildings in front, as the area is green, ensuring privacy and tranquility.~~The annexes offer the possibility to create additional rooms, such as a bedroom and a bathroom, providing even more opportunities to personalize the space to your liking. Although the property does not currently have a certificate of occupancy, the new owner has the option to process it.~~The property has water from a vein well, and electricity can be easily brought in, as the neighbors are already connected to the grid and it is not far.~~It is perfectly located in an asphalted and well-connected area, just a few minutes from Muro and with easy access to the best beach on the island, Playa de Muro. This is the ideal place to disconnect, enjoy the natural surroundings, and have ample space to create the life you've always dreamed of.~~Don't miss this opportunity to create your home in one of the quietest and most beautiful corners of the island. Come and see it and dream of the future you can build here!~~~
