Description

This terraced house in Búger with stunning views has 226 m2 and features 3 double bedrooms, 3 bathrooms – 2 complete ones and 1 guest toilet on the ground floor –, kitchen, living room with dining area, 2 terraces – both covered and with unobstructed panoramic views of the Serra de Tramuntana –, double garage in the basement with plenty of storage space, and a laundry room. The house is located in a peaceful and beautiful setting, and is equipped with double-glazed aluminum windows, porcelain tile and wood floors, central heating, hot/cold air conditioning, fireplace, and built-in wardrobes and a walk-in closet in the master bedroom. The village of Búger, with a population of just over 1,000 inhabitants, is situated opposite Campanet on a hill, which gives it perfect panoramic views of the Serra de Tramuntana. Thanks to excellent motorway access, Palma can be reached in just 25 minutes. Búger and the larger neighboring towns of Sa Pobla and Inca offer numerous shopping possibilities, schools, doctors, sports facilities, and services for everyday needs. The turquoise beaches of the North coast are less than 20 minutes away by car. It's impossible not to fall in love right away with this charming house in Búger. The beautiful stone arches throughout the house, the cozy outdoor spaces and the practical layout make this house simply ideal for slowing down and enjoying life. It is perfect both for year-round living and as an investment. And when your family gathers with you for the first time to cook dinner in the large kitchen, when you sit down on the terrace for a glass of wine and toast while watching the beautiful sunset, you'll know you've found the home of your heart.
